

HOORAY FOR *Teachers*

The first week in May is Teacher Appreciation Week. This is the perfect time to show teachers and educators how much they mean to you, their students, and your community. A kind word, thoughtful gesture, or handwritten note can go a long way.

Bloomin' INTERESTING!

Don't wash your blueberries until you're ready to eat them. They have a silvery coating called "bloom" that acts as a barrier to protect them from bugs and bacteria. You don't want to remove that protection before you have to!

BIKE *Bling*

Try biking to school on National Bike to School Day (Wednesday, May 8). Here are a few ways to make the ride more exciting: Wrap your bike frame in crepe paper, cut lengths of ribbon for DIY handlebar streamers, or put new stickers on your helmet! Unleash your creativity and roll up in style.
